Keep Your Feet Life-Long Healthy!

VIONIC™
ORTHANEEL™

**Partnership
Performance
Innovation**

Our feet were designed to walk on natural, soft surfaces like soil and sand. When the feet strike soil or sand, these surfaces give way to accommodate the lower limb's natural 6 degree angle. Unfortunately, we give our feet unnatural hard, flat surfaces like pavements and floors. This forces our feet to roll over and our arches to flatten – a condition called excess pronation. Poor alignment of the feet and legs can cause wear and tear to other parts of the body, often disrupting normal knee function and hip alignment as well as increasing forces on muscles in the lower back.

Vionic Group products help restore natural foot function.

Learn more from the leaders in biomechanics and foot orthotics with Vasyli Medical's innovative mobile application.

Available to Rehab Clinicians exclusively through Patterson Medical

NEW at BPT!!! Vasyli+Armstrong II Sensitive Feet Orthotics

- Developed with podiatrist David Armstrong, renowned as a world leader in **diabetic foot care**, the Vasyli Armstrong II is the most advanced foot orthotic in its class
